

Guidelines for series approval of products for
Adaptors for Household and Similar Electrical
Appliances

Basic Configuration	Grouping as one series provided product has
Adaptors for Household and similar electrical appliances	<ul style="list-style-type: none">• Same class of construction• Same rated input voltage• Same Main PCB design Layout and transformer

Guidelines for Quantitative Selection of Samples

- A series may consist of 10 models.
- Unless specified otherwise, one sample may be tested for each series.
- In any of the above consideration, worst case configuration from Safety Design perspective must be selected for testing.
