

Guidelines for series approval of products for Smart Card Readers

Product	Grouping as one series, provided
Smart Card Readers	<ul style="list-style-type: none">• Same rated Input voltage• Same rated current / wattage• Same type (Contact / Contactless)• Same mains layout or same SMPS board layout• Power Transformer : Same design and insulation system• Same enclosure except for differences of decoration parts• Same type of battery and capacity (if applicable)

Guidelines for Quantitative Selection of Samples

- A series may consist of 10 models.
- Unless specified otherwise, one sample may be tested for each series.
- In any of the above consideration, worst case configuration from Safety Design perspective must be selected for testing.
